PROFILE SUMMARY

Full Stack .NET Developer with 3+ years of experience delivering scalable enterprise applications for Acer India across ERP, logistics, finance, and payment platforms. Proven track record of building 14+ production systems with end-to-end ownership, improving performance, reliability, and business efficiency.

WORK EXPERIENCE

Software Engineer Jun 2023 – Present

Talent Pace Pvt Ltd (Client: Acer India)

- Designed and delivered 14 enterprise applications for ERP, logistics, finance, and warranty, overseeing the full SDLC.
- Refactored high-volume REST APIs, reducing response time 30% and increasing throughput 40%.
- Implemented OAuth 2.0, JWT, RBAC, and Azure AD SSO with MFA, reducing unauthorized-access incidents 40%.
- Integrated Razorpay, MiGS, Cleartax IRN, GST Zen, Clickpost, and E-Way Bill APIs, increasing transaction success by 25%.
- Added barcode validation, raising dispatch accuracy to 90% and cutting rework 70%.
- Optimized deployment and automation using IIS, scheduled jobs, and console services, reducing manual effort by 50%.
- Migrated ERP system (MFGPRO → AGBS) with zero data loss, maintaining 100% data integrity across cross-functional teams.
- Migrated legacy ASP.NET Web Forms apps to MVC, boosting maintainability and cutting page-load times by 20%.
- Orchestrated SSIS data pipelines scheduled via SQL Server Agent, boosting data availability and reliability by 35%.
- Boosted reporting performance by 45% and reduced manual reporting effort by 60% through SQL optimization and dashboards.
- Resolved production deadlocks, enhancing concurrency handling and raising system uptime by 15% during peak loads.
- Enabled leadership decision-making through real-time dashboards and reporting systems, improving forecasting accuracy.
- Self-taught SSIS and ASP.NET Web Forms, cutting onboarding time by 2 weeks and speeding up critical deliverables.
- Led Agile Scrum ceremonies, ensuring 100% sprint goal completion each iteration.

EDUCATION

B.Tech – Computer Science & Engineering 2019 – 2023

Jawaharlal Nehru Technological University | CGPA: 9.23

TECHNICAL SKILLS

Languages: C#, JavaScript, HTML5, CSS3

Frameworks: ASP.NET Web Forms, ASP.NET MVC, ASP.NET Core, .NET 9, Blazor (Server & WebAssembly), ASP.NET Web API, ASP.NET Core Web API, Entity Framework Core, React.js, jQuery, QuaggaJS, ASPX

Databases: SQL Server (Stored Procedures, Triggers, Indexing, Performance Optimization), MySQL, Oracle, MongoDB

Data Access: LINQ, ADO.NET, Dapper

Security & Auth: OAuth 2.0, JWT, RBAC, Azure AD SSO, MFA, Data Encryption

Tools & Platforms: Git, Visual Studio, Postman, Microsoft Azure, IIS Server, SSIS (SQL Server Integration Services), SQL Server Agent Rotativa, RDLC, Azure DevOps

C# & .NET: OOP, Generics, Delegates, Async/Await, Task Parallel Library (TPL), Exception Handling, .NET Framework 4.x, .NET Core, .NET 6/7/8/9

SQL Advanced: Complex Joins, Recursive CTEs, Window Functions (RANK, DENSE_RANK, ROW_NUMBER, LAG, LEAD, PARTITION BY), Execution Plans, SQL Profiler, Concurrency, Isolation Levels, Deadlock Analysis, Locking

PROJECTS

Plant Management System Jan 2026 – Present

ASP.NET Core Blazor, C#, SQL Server, REST APIs

- Creating a web-based plant management solution with Blazor to support real-time operational data handling
- Connecting CRUD workflows with REST APIs to improve data accessibility and streamline plant operations

Budget Approval System Dec 2025 – Jan 2026

ASP.NET Core, Azure AD SSO, C#, SQL Server, IIS

- Launched a secure mobile-first approval platform using Azure AD SSO, MFA, and VPN-based access for enterprise authentication
- Simplified multi-level approval workflows and UI interactions, reducing turnaround time by 30% and improving visibility

Acer Sales Force Sep 2025 – Nov 2025

ASP.NET MVC, C#, SQL Server, jQuery, Bootstrap, Chart.js

- Crafted a sales force platform with 8+ modules enabling data-driven forecasting for business stakeholders
- Oversaw system lifecycle activities including design, database structuring, and production rollout under tight timelines
- Elevated reporting efficiency by ~60% through centralized dashboards and refined SQL query handling

Acer Logistics Network Dec 2024 – Present

ASP.NET Core, C#, SQL Server, Cleartax IRN, Clickpost APIs, JavaScript, IIS

- Revamped logistics operations by enabling IRN generation, AWB creation, and multi-courier integrations with improved reporting capability
- Devised a real-time serial validation and trip management system ensuring accurate invoice-to-product mapping, reducing errors by 90%
- Facilitated camera-based barcode scanning using QuaggaJS for seamless dispatch workflows across secure environments

Shopacer Extended Warranty (Live: https://www.shopacer.co.in) Apr 2024 – Jul 2024

ASP.NET MVC, C#, SQL Server, jQuery, Razorpay, MiGS

- Formulated a scalable warranty ecosystem with offer management, coupon systems, and API-driven synchronization
- Handled 4000+ warranreduced ty registrations through dual payment gateway integration, improving transaction reliability
- Automated backend operations by implementing scheduled services for invoicing, IRN processing, and automated delivery of certificates, buyback guarantees, and promotional links

Acer Portal Network – Warranty Management System (Live: https://apn.acer.co.in/) Dec 2023 – Mar 2024

ASP.NET Web Forms, C#, SQL Server, Stored Procedures

- Modernized warranty operations by delivering modules for extension, validation, transfer, and bulk registration with approval workflow
- Corrected complex date validation issues and refined SQL procedures to ensure accurate production data handling

Energy Management System Aug 2023 – Nov 2023

ASP.NET Core Web API, SQL Server

- Strengthened API capabilities to monitor machine voltage and power consumption, improving data accuracy by 30% and enabling real-time insights across 50+ machines

AWARDS & CERTIFICATIONS

- Performance Excellence Award — Acer India (March 2026)
- Go That Extra Mile Award (x2) — Talent Pace (Jun 2024 & Dec 2025)
- Best Student of the Year — JNTU (2023) — CGPA: 9.23
- 1st Place — Technical Quiz & Pseudo Code, National Level Tech Fest (2022)
- TCS iON Career Edge — Young Professional Certification
